JAN REPORT

I have rented the facility 3 times so far for the month of December. Dec 3, 16, and 17 for a total of \$650.00 500.00 after deposits. Last month we did not refund one rental as they didn't clean and left straw in the center.

Explain how the rental process goes.

VETERANS DAY

We had a successful Veterans Day and want to thank everyone for all of their help especially Darren and Justins' baseball group. They kept everyone fed. Huge shout out to Baldini's. We did have some Veterans say they missed the pancake breakfast and wanted to know if we were going to bring it back. Up to ya'll , I can ask the Young Marines if they would be interested in bringing it back or another group.

I have not heard anything from SDIS on our application for the grant to replace our computer and printer. But Mark has told me about a grant through Grants Pass Rotary Club we can apply for, also I am writing a grants for the 4 Way Grant Foundation for the security for the park. I will also write to the Ford Foundation for a grant to replace the sprinkler system, and for the replacement of the ground cover for the playground.

We need to pick a date for the spaghetti feed for February. And we will need to start getting the flyer made up and get the advertisement done in January. Christmas take precedence for this month.

Any old business?

New business?

Our next meeting will be January 8 as the 1st Monday is New Years Day. Merry Christmas
